

THE WRANGELL SENTINEL

VOLUME 9, NUMBER 14.

WRANGELL, ALASKA, THURSDAY, APRIL 6, 1911

\$2.50 PER YEAR, 10c. PER COPY

Mixed Council Is Elected

Well the election is over, and of course, as is usual, the best man won. The vote for the various candidates stood:

Wm. Lewis, 67
F. Matheson, 56
J. H. Wheeler, 51
Ed. Weber, 51
P. C. McCormack, 47
T. J. Case, 44
Charles Nelson, 42
D. Sinclair, 41
Nels Moen, 41
Ole Johnson, 40

electing the first seven. While Dr. Dawes carried off the bun with a total of 82 as Clerk of School Board.

The total registration was 101, 82 votes in all being cast, as several voters were in Ketchikan in attendance on the District court, and others had gone out fishing.

But little interest was taken apparently in the election, which passed off without a hitch, Messrs. Lynch, Cook and Svendsen offici-

ating as judges, while Parrot and Gray were the clerks. Early in the game the judges reversed the old order of things in local elections here, and ruled that they would not allow the swearing in of votes of men who had failed to register, holding that registration was an indispensable condition for voting. They also decided that they would recognize one ballot only, that prepared by the town officially.

And so the matter is ended and for a year things will wag along in the same old way. The probabilities are that P. C. McCormack will succeed himself in the chair as mayor, under whose direction the retiring council has wiped out a big indebtedness.

The surprises of the event were the fact that Sinclair and Moen were defeated, both of whom were looked upon as sure winners, while Weber ran away ahead of where he was expected to land.

"Google Eye" Bound Over

On the charge of supplying Dan Lott and George White with liquor, Mike Gregaroff, commonly known among the natives as "Google Eye Mike," was bound over to the grand jury by Judge Thomas last Saturday. The men had been working together logging and came to town in their launch, when Mike secured the firewater and the crowd tanked up. Dan drew a prize package of a \$15.00 fine for being drunk, and he and White testified that they had gotten the liquor from their partner, who is a Russian mixed blood, with the above result.

Not Crazy After All

A poor fellow named Chas. Peterson, a recent comer has been keeping the officials on the hill thinking these last few days. It appears that he had been acting violently, actually threatening to do bodily harm to several. He was committed on a disorderly conduct charge to give him an opportunity to come to himself. During the interval Dr. Shurick examined the man and decided that he was not insane, so he was released this morning.

From Petersburg

S. L. Hogue who has been quite sick at is last on the high road to recovery.

Business here has been rather dull, but with the coming of the Spring salmon season the many mild curing outfits will make their headquarters here at Petersburg.

The election passed off quietly, the following men being elected to the Town Council: Pete Jorgenson, L. Pryor, W. H. Courtney, J. Kelley, C. A. Swanson, Louis Vick and John Walsh. Charles Linscott was elected to the school board.

Wharf Steadily Growing

Work on the new wharf is progressing steadily, and the expectations are that within the next few days the pile driver will be put to work on the deep water work. Up to this time the piles have been set by hand owing to the exposed reef on which the wharf is being constructed having no holding ground for driven piles, from now on, however, the work will be outside the reef. The piledriver is about ready for business and a couple of weeks should see the wharf proper nearing completion.

Presbytry In Annual Session

The Presbytery of Alaska met in our city Sunday, April 2nd, and closed its sessions Wednesday the 5th. Popular services were held each evening from Sunday to the close. Sunday evening Rev. Geo. E. Good preached a very edifying sermon. After the service the organization of Presbytery was effected.

Rev. F. R. Falconer of Kluckwan was elected Moderator. The mornings and afternoons were devoted to business and consisted of receiving reports from the various fields, studying their conditions and needs, considering overtures from the General Assembly, electing Commissioners to the next General Assembly, and performing such other duties as pertain to church work.

At the popular service held Monday evening Rev. Edward Marsden of Saxman delivered an address on The Conditions and Needs of the Field, and Rev. E. E. Bromley

of Sitka spoke on The Future Prospects of the Field.

On Tuesday evening Rev. L. F. Jones of Juneau spoke on the subject of Winning Souls, Rev. J. B. Stevens of Juneau, on the holding and Establishing Church Members, and Rev. J. S. Clark, pastor of the local church, on the subject of Doctrines Essential to Christianity. Wednesday evening the following addresses were made on the Auxiliaries of the Church. Rev. David Waggoner, on Sabbath Schools, the Moderator on Young People's Societies of Christian Endeavor, and Prof. W. G. Beattie on the Educational Work. Prof. Beattie's address was masterful and held the congregation in wrapt attention.

Prof. Beattie was followed by Rev. Edward Marsden who proved himself a very popular speaker.

Rev. Marsden is a native and has held the pastorate of Saxman for a number of years.

ARE EQUALLY GUILTY

Again we have an instance of treachery and double dealing on the part of natives in connection with the liquor peddling business here in Wrangell. Dan Lott and George White are partners in the logging business. They are both very fond of liquor, so apparently they decided to get somebody to work for them who might act as the pipe through which they could get their "hootch." They selected the Russian-Aleut, Mike Gregaroff as a likely subject, and gave him a job.

Out to camp they went, worked for a while, then developing a thirst they came to town, supplied Mike with some cash, and told him to buy liquor for them.

Either the stuff was stronger than Lott supposed, or he misjudged his capacity, with the result

that he was arrested for being drunk and disorderly. By divulging the name of the party supplying him with the liquor he escaped with a light fine, and poor, half-witted Mike Gregaroff, who probably never did anybody an intentional wrong in his life, was arrested.

The evidence was absolutely straight, Mike himself acknowledged buying the liquor.

Of course he bought the whiskey for his employers and, as he thought, his friends. He didn't know any better, and he supposed that there was at the very least a spark of manhood in the breasts of Lott and his Man Friday, George White, to compel them to treat him with decency, after living in the same tent, sleeping in the same bed, and eating of the same loaf of bread with them. But there isn't. Judas Iscariot was a gentleman by

comparison with them. He did have the decency to hang himself. These two on the other hand, glory in being in the spot light for the time being, and are looking forward to a nice, pleasant trip to Ketchikan at government expense. And incidentally, if Mike is sent up for a year or two, probably they can avoid paying him the wages he had earned while working for them.

The law says that Gregaroff is guilty of a crime. We suppose that according to the strict letter of the law, he is, but Lott and White are equally guilty and should be equally punished.

Every home should contain a bottle of Nyal's Vegetable Prescription. Perfect health in women results from its use. The constant strain imposed upon the functional organs will result in complete collapse unless the system is strengthened.—Shurick Drug Co.

Makes Special Cannery Trip

The steamer Dolphin is now on her way south on a special trip carrying cannery supplies. The first intimation we had of it here in Wrangell was the view of the vessel herself as she crossed over from the "Back" channel to Vank island early yesterday morning on her way to Juneau, where the trip ended. She brought up the greater part of the crew and supplies for the Santa Ana cannery.

Ship 97 Boxes Of Fish

Owing to the fact that the big steamer State of California did not go through the Narrows either way on her trip, several of the Petersburg fishing fleet journeyed over here, and shipped their fish from Wrangell. For awhile their was fish everywhere on the wharf, so that the steamer took on close to a hundred boxes of fish when she arrived.

Agents Hinrich, Carnahan and Parks of the United States land office have been in Seward throughout the last month investigating alleged illegal coal land entries in the Mantanuska and Cook Inlet fields. Geo. Sexton, E. R. Gray, and H. H. Hildreth, Seward men, have been summoned to appear as witnesses before the Federal grand jury in Chicago, shortly, when the alleged frauds will be investigated. A. C. Frost, former president of the Alaska Central railroad, which has been built part of the way from Seward to the Mantanuska coal field, and other prominent men are concerned in the investigation.

If he should come tonight--- THE THIEF

THE thief comes prepared—prepared to take your valuables. Carries the necessary tools. Is expert in their use. One of his tools is the revolver. In plain words, he is prepared to take your life. His deadly intent and expertness makes up for his revolver's awkwardness and slowness.

You have neither expertness or deadly intent. You cannot afford to stake everything upon a wrist-straining, trigger-flinching, slow-as-molasses firearm. Settle this matter to-day for the sake

of your family. Get the Savage automatic. The only gun that points straight, shoots true, fires fast, without practice. It is the only gun you can shoot straight anytime you pick it up. Ten shots, one to a trigger pull. Reloads a fresh magazine of ten shots in a flash. Our free book "The Tenderfoot's Turn," by Bat Masterson tells why you point the Savage instinctively true.
